STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. KERRY (for himself and Mr. BROWN of Massachusetts):

S. 1412. A bill to designate the facility of the United States Postal Service located at 462 Washington Street,

Woburn, Massachusetts, as the "Officer John Maguire Post Office"; to the Committee on Homeland Security and Governmental Affairs.

Mr. KERRY. Mr. President, last December, in the middle of a New England blizzard, armed robbers descended on the Kohl's department store in Woburn, MA. They threatened the employees of the store and fled with money and jewelry. Officer John "Jack" Maguire, on duty that night, rushed to the scene in his cruiser. Responding to his fellow officer's call for assistance in a foot chase, Officer Maguire blocked the gunman's path with his cruiser and got out of his vehicle to confront the gunman. The two exchanged gunfire, which killed the gunman and left Officer Maguire mortally wounded. Officer Maguire's death marks the first officer killed in the line of duty in Woburn, MA, since the department was established back in 1847.

On behalf of the Maguire family, Woburn Mayor Scott Galvin, Woburn Chief of Police Richard Kelley, and the residents of Woburn, I am introducing legislation to rename the U.S. Post Office on Washington Street in Woburn the Officer John Maguire Post Office.

This post office is only a few hundred yards from the spot where Officer Maguire was killed. I believe it is a fitting honor to a public servant who gave his life protecting the city of Woburn. It is my hope that when people pass by the Post Office on Washington Street, they will be reminded of the sacrifices made by both Officer John "Jack" Maguire and his family.

By Mr. WYDEN (for himself and Mr. CRAPO):

S. 1413. A bill to amend the Internal Revenue Code of 1986 to temporarily increase the investment tax credit for geothermal energy property; to the Committee on Finance.

Mr. WYDEN. Mr. President, I am pleased to join with my colleague from Idaho, Sen. MIKE CRAPO, in introducing the Geothermal Tax Parity Act of 2011. This legislation will modify an existing investment tax credit for geothermal energy authorized under Section 48 of the Federal tax code. Although both solar energy and geothermal energy projects are eligible for an investment tax credit under Section 48, they are not equal. While I am a strong supporter of solar energy technology and support the solar energy tax credit, I am also a strong advocate for having a level playing field when it comes to government incentives. That is why this bill is called the Geothermal Tax Parity Act, because it will create parity in the tax code for these two important renewable energy resources.

This bill would provide geothermal energy with the same 30 percent investment tax credit that is now available to solar energy and fuel cell technologies in Section 48 and extend this 30 percent tax credit for geothermal through December 31, 2016, as it is for

these other technologies. Without this legislation, new geothermal energy projects would be allowed only a 10 percent investment tax credit under Section 48. This legislation will create a more level playing field among clean, renewable energy technologies and help stimulate investment in geothermal energy projects.

Geothermal energy can provide a continuous supply of renewable energy with very few environmental impacts. Although the United States has more geothermal capacity than any other country, this potential energy resource has not been widely developed. This is due in large part to the high initial cost and risk involved in locating and developing geothermal resources. Extending the 30 percent tax credit through 2016 will help geothermal developers obtain the financing they need to make investments in exploration and development.

This legislation is identical to a bipartisan companion bill, H.R. 2408, that our colleagues from the Pacific Northwest, Rep. DAVID REICHERT from Washington and Rep. EARL BLUMENAUER from Oregon have sponsored in the House.

Mr. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:
